EXPERIENCE

AEM Tech Lead – Danone France (Activia Global Project) | May 2025 – Present

Leading the Activia US-EN implementation within Danone France's global digital ecosystem. Overseeing AEM Cloud architecture, template creation, content fragment modeling, and frontend pipelines. Coordinating cross-regional teams (France, Brazil, Mexico, Argentina) and mentoring developers. Integrated SmartMedia, Bazaarvoice, and GA4, achieving Lighthouse scores above 80.

AEM Full Stack Developer – Danone France | Jan 2025 – Jun 2025

Developed AEM components for Danonino Mexico, Danone US, and Activia US, focusing on SEO and Lighthouse optimization using React.

AEM Frontend Developer – Profuturo Mexico | Mar 2025 – Jun 2025

Built custom components for profuturo.mx with focus on accessibility, performance, and frontend integration via Webpack.

AEM Full Stack Developer (Freelance) – Whirlpool USA | May 2024 – Jan 2025

Built modular AEM components using HTL + Sling Models + React. Integrated AEM with Workfront Fusion and external APIs.

Adobe Cloud Instructor (Freelance) – Platzi for Colgate-Palmolive | May 2024 – Dec 2024

Designed and led corporate training on AEM Cloud Manager & Workfront. Guided multiple regional teams in AEM best practices.

Senior Software Engineer – DEPT (Client: KEYSIGHT – USA) | Jul 2021 – May 2024

Delivered AEM features, CI/CD pipelines, and mentored developers. Improved performance and deployment reliability.

AEM Web Developer – First Century Bank (USA) | May 2020 – Aug 2022

Developed secure, SEO-optimized AEM + React + Node.js apps with cloud integrations.

AEM Senior Web Developer – Unilever LATAM | Sep 2019 – May 2022

Managed multilingual AEM websites and reusable templates for brands like Hellmann's, Cif, and Skip.

Freelance Full Stack Developer | 2010 – 2019

Delivered multiple web platforms using PHP, React, WordPress, and Java. Focused on usability and scalability.
